Subject: Debbie's HSCA/FBI list
Debbie's list of residual HSCA/FBI referral documents consists of 146 documents from the numbered files, and covers 97 HSCA subjects. She has a strong inclination against linking the documents up physically with their corresponding HSCA subjects because she fears the documents will not get back to her in her capacity as referral czar. She feels she has full awareness of what is currently being reviewed/negotiated, and that she is capable of processing the HSCA/FBI referred document just as the HSCA subject has been processed and then getting the ARRB analyst to sign off on that processed document for Board vote if necessary or publication as a consent release if appropriate.
