**Body:** Joe, I just talked to Laura some more about the memo, and I wondered if you would put in, probably in the "Overview" section, a general description of what was in the NAR documents. It could be one sentence even. "Records not processed under the JFK Act by the FBI related to various topics of interest to the committee, including....." Does something like that make sense. We want the Board to understand what they are voting to postpone in full. I hope I am not being too much of a bother on this issue.
