Subject: AOH-related public television program tonight
Check your local listings, as they say, but here in Phoenix, at least, there is both a "Frontline" and "NOVA" program airing tonight on Northern Ireland-related topics. FYI only, there will be no pop quiz!Eileen - I got the clipping! Thank you. I had not seen it!Kevin - I cc'd you on my e-mail to Ron because it involves an HSCA record w/IRS equities for which he has found a consent release coversheet attached to the record in our SCIF, but no corresponding Federal Register listing. The document doesn't ring a bell w/me, though it was clearly processed (if it was processed) during my stint. I suggested he check the Review Track Archive database, as well, to see if there's any record-history in there that would help sort it out. As the Federal Register guru, and only if you have time, could you check in with him on it and see if there is any self-evident explanation?
