**Subject:** Computer for next week

I would like to make such an arrangement if possible. Perhaps it could be set up in the unused Board members' room. To: Chet, Tracycc: Tom, Jeremy From: Joseph Freeman/ARRB Date: 10/23/97 11:07:26 AM Subject: Computer for next week I've just spoken to Tom and confirmed that I will be in the office working next week, Monday through Thursday. While I may be doing some FBI work, Tom intends that I focus first and primarily on HSCA and Warren Commission records, utilizing my much-vaunted, so-called and never-really-proven "institutional memory" in these areas. Toward that end, and in the hope of reconstructing whatever such memory remains, it would be helpful if I could have the use of a computer for the four days I'll be in the office. I would need all the HSCA databases (including the original "Open", "Referred" and "Postponed" databases), along with Review Track, Review Track Archives and Consent Databases to be available to me on this computer. In addition, and if possible, it would be very helpful if my old personal word processing files could be accessed on this computer, as well. I don't know how much of this request falls within the realm of the possible, but Tom told me I could ask! Thanks in advance for whatever you're able to do.
