Subject: NSA Documents with AF Equities

FYI: CALL REPORTDocument's Author: Manuel Legaspi/ARRB Date Created: 10/30/97 The Players Who initiated the call? Review Board's representative in the call: Manuel LegaspiDepartment of the Air Force's representative in the call: Cheryle GumaerDescription of the Call Date: 10/30/97Subject: NSA Documents with AF EquitiesSummary of the Call:I telephonically contacted Ms. Gumaer at 1110 on 30 October 97 in order to inquire about the planned referral of nine NSA documents containing Department of the Air Force (DAF) equities to her office. I introduced her to the pertinent issues as follows;-NSA had sent us 9 documents containing the names of Air Force (enlisted, active duty military) personnel who were linked to a story regarding information about the assassination of President Kennedy. -NSA had asked the Review Board to uphold the postponement of all of the names of the Air Force personnel in these documents for privacy (not national security) reasons. The primary reason for the NSA's initial desire to protect was that the documents contain statements regarding the mental health status of one of the Air Force individuals mentioned.- at the 21 Oct 97 meeting with NSA representatives, the NSA indicated that they would not have any objection to the release of these names if DAF was willing to let the names go, as such, we were contacting DAF to see if they could conduct a quick review of this issue.Ms. Gumaer and I then agreed to solve this issue by agreeing to the following procedures: (Note: I believe that we can use this procedure for future referral/contacts with DAF)1. That ARRB would officially refer these documents to DAF, addressed to Ms. Gumaer, at the Pentagon.2. She would, in advance, identify and alert the relevant DAF personnel who could officially sign of on the protection or release of the information, and return the documents to ARRB.She indicated a strong willingness to take care of this problem quickly.ENDDon't forget to compose individual Action Item documents for any action items that resulted from the call!
