**Subject:** Today's Conference Call  
Bill Joyce called at 2:35. He said he was a few minutes late so he tried to get patched in on the call at about 1:30. The AT&T operator took his information, but then called and told him they were having an "equipment problem" and were unable to connect him to the call. Tracy - Billing Note: only two lines on the call - Anna and Jeremy (Jack was in Jeremy's office).
