Subject: My Friday hours

I put in 6 hours today. Also, my line was engaged for a while last night downloading a database Chet was sending me. Depending on how long it took, and how big the charge, I may (if permitted) submit that when our telephone bill comes. P.S. I think I should only get 8 hrs/day credited to me for days I work on my trips back to Washington (people who live there -- and me when I lived there before -- never got overtime when we hung around the office for more than 8 hrs. on a given day). I think that's the way you've done it in the past, and more than I probably deserve if you subtract the time I spend bothering people like Kevin, Laura, Bob, etc... But this is the last time I'll bring it up, I promise!
