CALL REPORT: PUBLICDocument's Author: Irene Marr/ARRB Date Created: 11/13/97 The Players Who initiated the call? Review Board's representative in the call: Irene MarrWitnesses/Consultants's representative in the call: Marty UnderwoodDescription of the Call Date: 11/13/97Subject: Marty Underwood returned my call.Summary of the Call:I called Underwood to follow up on my 11/5/97 letter and to find out how amenable he'd be to being re-interviewed for the record. He claims that his son told him about the letter but that he himself had not had a chance to read it because he was involved with his personal medical issues. In any case, we discussed the Hersh book; he sounded rather detached from the whole affair and had not read any of the articles that have come out this week. I told him he was mentioned in Larder's article in The Post. He repeated the same explanation he gave us, that he had never met Exner (but had spoken to her on the phone numerous times), was not on the train to Chicago keep an eye on her when she was playing courier as Hersh's book alleges, etc.I told him we still wanted to interview him, stressing that the sooner we established closure on this the better for all of us. He was not opposed to this proposal but requested that we wait until after the holidays as he is undergoing some special treatment. He reassured me he wasn't trying to avoid us. I told him I would have to discuss this with the appropriate people, but otherwise we would aim for the first part of January. When I brought up the subject of who would be conducting the interview, he indicated that he would want to talk about that later but did not voice any great objections to anyone in particular only a preference for having some options. In light of that, I believe he might be persuaded to have Jeremy conduct the interview, at least I won't rule that out. Don't forget to compose individual Action Item documents for any action items that resulted from the call!
