Subject: Since I can't get into the SCIF yet. . .
I figured this would be a good time to send you the almanac entries for the week: Sunday, November 16: Watch for Leonid meteor showers in the southern sky at 5 a.m. EST Monday, November 17: To cure insomnia, eat raw onions. (hey!) Tuesday, November 18: When things go wrong, don't go with them. (good one.) Wednesday, November 19: Discovery Day (Puerto Rico) Freckles will vanish if washed with water from an old stump. Thursday, November 20: Soak your fingernails in warm olive oil as a beauty aid. Friday, November 21: Last Quarter Moon If the Moon turns on its back in the last quarter, it is a sign of rain. Saturday, November 22: Skunks hibernate now. (Do the skunks do this in memory of JFK?)
