**Subject:** State Department Review of Military Records  
Nina Noring called this morning to say that Hugh Woodward (whom I have not met yet, and who was scheduled to be at ARRB today to review a backlog of JCS and Califano records) found out yesterday that he has a cardiac problem, and so could not be here today. She said she would let us know when he would be available to review records in the future, but that she did not know yet when that would be. State did not send anyone to the last declassification session in October, because they wanted to send their "Ace" on Cuba documents, Mr. Woodward, "off-line" in November. I will send Nina an invitation to our December 10-12 session, adn we will see what happens. (Mr. Woodward is an annuitant who will be working for State in D.C. 3 days a week for the next 3 or 4 months.) END
