Subject: FBI compliance
Laura -- I am going to block out some days this week /next week to focus on preparing for our FBI compliance meeting next week. Perhaps you, Kevin and I could get together later in the week (after I've reviewed the Compliance Statement more carefully) to discuss what we want to accomplish in the meeting and how we should prepare. If there is any material relating to the schedule for processing of FBI records that I should be aware of, please let me know. Thanks. --Ron
