Review Board's representative in the call: Ron HaronPublic's representative in the call: Ed GreisingDescription of the Call Date: 12/18/97Subject: Church Committee IndicesSummary of the Call:I called Ed Greising, a former staff assistant on the Church Committee, to discuss the record keeping done by the Church Committee. Mr. Greising was identified to us by Jim Johnston, who also worked on the Church Committee. Mr. Greising said the Church Committee had two main indices. One was a log that recorded transcripts and other documents chronologically. He said that this log, however, recorded only a small percentage of the Church Committee materials. The other index consisted of a series of index cards that were organized alphabetically by subject. According to Greising, everything that the Committee did was indexed on these index cards, which he estimated would take up about 50 drawers. Don't forget to compose individual Action Item documents for any action items that resulted from the call!
