Subject: Notes from IP

I left an additional list of corrections in your inbox dated yesterday. Also IP has to put the six documents back together before they are returned to us. They should be here in a day or so. Please send the document on which Manuel was working to IP as soon as possible. That document will complete the September shipment and is the only thing holding it up. Did you get an e-mail from Cathy giving you the names we discussed yesterday? FYI: Bonnie and Mary Ellen are well into processing the October documents and expect them to be complete in two or so weeks. They also had some November documents for me to correct. I believe the processing has speeded up considerably. In addition, I also met the two new indexers yesterday. They have almost doubled the speed of the indexing to date. Overall, every part of the review process does seem to be picking up speed.
