Subject: Teaching in the United Kingdom

Body: My name is Carrie Fletcher and I am interested in teaching in the United Kingdom. I graduated from the University of Virginia last May from the Distinguished Majors History Program. Although I do not have a teaching certificate I have taken several classes in education and have experience with children. I am excited to share my knowledge of American culture and enthusiasm fro history with children. Please let me know if there are any cultural exchange programs with United Kingdom schools that I might be eligible for. Thank you for your time. Sincerely, Carrie Fletcher 202-724-0088 2501 N. 11th St. Arlington, VA 22201
