Subject: FBI Paragraph For January Congressional Letter
Laura:Any comments on the following proposed paragraph? Anything else we want to say?Since our December report, the Board's FBI team has reviewed an additional 20,000 pages of records from the FBI's House Select Committee on Assassinations (HSCA) files. Included in these files are the names of individuals who have a prominent role in the history surrounding the assassination of President Kennedy. Although this page count is higher than last month, we have advised the FBI that the volume must return to earlier levels to ensure that the review is completed in a timely manner.
