Subject:	NSC data
Body:	Has the problem with the data for the NSC open in full RIFs been resolved? You may remember that Janice entered all of them (I think about 40 or so) and printed the RIFs, but when we went back we couldn't retrieve the data. Michelle has received a new disk from Steve Tilley. I hope that there is another one floating around so that Janice doesn't have to do the data entry again. Let me (and Michelle) know what you remember about this so that we can decide what to do next.Thanks.
