**Subject:** February 5 Conference Call

Participants included Jack, Bill, Anna, Jeremy. The principal points covered were: 1. Experts meeting. Board members should contact me IMMEDIATELY (i.e., by Friday afternoon) if there are any names that they wish to include or exclude from the list I distributed yesterday. I will incorporate these last suggestions into a final (proposed) list that I will fax on Monday. We will then invite those on that final (proposed) list, unless there are further changes requested by Board members. 2. Cuba. I met with Dagoberto Rodriguez of the Cuban Interests Section yesterday about obtaining Cuban records. He was very positive, and assured me he would get back to me promptly. 3. Zapruder. Asst. A.G. Hunger will be meeting with Zapruder attorney Bennett shortly. DOJ understands our interest and will keep us apprised. Hunger will make no decisions based upon the meeting. Dave Cohen assures me that Hunger will wish to settle the issue. 4. Bob, Michelle, and I met with Ed Cohen, the new CIA person who will be taking over John Pereira's responsibilities. He assured us that he is 100% committed to completing JFK within this fiscal year. Cohen's reputation is that of an efficient manager who completes his work promptly. This is a positive sign. 5. Robert White. At the end of the call, Bill and I discussed briefly current developments. I will give a more complete briefing later. REMINDER: please call and advise of your strong preferences for invitees. Have a good weekend. Jeremy
