Subject: Additional Requests

Here is the status on the various additional requests that I worked on. FBI 24:-still looking for the Dallas Field Office files. FBI 25-NO 100-16739 and NO 134-939 were designated as destroyed. Get official confirmation from Pauline Battle.-Deb Beatty is checking to see if there are any more pertinent field office files to this subject.-all other files listed on the current memo are HQ files. FBI 26-I have reviewed NO 105-1095 and have designated the volumes 2 and 3 in their entirety as assassination records. However, these files are duplicates of the majority of HQ files and provide no additional information on this subject that HQ doesn't already have.-Deb Beatty is checking on the field office files for: IS-Cuba, Miami, Tampa, New York and Dallas.-all other files listed on the current memo are HQ files. FBI 28-files listed on the current memo for Torres are all HQ. Still need to check New Orleans, Tampa and Dallas.-files listed on the current memo for Veciana are all HQ. Deb Beatty is checking on additional field office files. Veciana is being processed as an HSCA Subject.-all of the information on Arcacha Smith is being processed as an HSCA Subject so I did not review this information. FBI 32-all files listed on current memo are HQ files.-Miami, Tampa and Havana Legat reported that they did not have any files on this subject. FBI confirmation was attached to the memo.-I was informed that all information from the Havana Legat was folded into the Miami office.
