Subject: Congressional Letter
In spite of the short period of time between the January and February meetings we processed a record number of CIA green issue documents at the February meeting- 748 plus the HSCA card catalog. We also have 41 Consent releases that we will notice with this meeting. All of this indicates that CIA continues to increase the pace of review. Though they need to further increase the pace if we are to meet our deadline, they are moving in the right direction.
