**Subject:** Sixth Floor Museum Matters

**Body:** Attorney Client Communication.1. I have found evidence that the Warren Commission used the original Connally x-rays.2. I have gone to NARA and examined their holdings. I now know what they have and do not have. I can tell you this:-NARA does have the original Oswald autopsy images--they are 35 mm slides. The prints are just copies.-NARA does not have any Oswald autopsy x-rays, and does not know if any were taken.-NARA does not have the original Oswald autopsy report--but they have a copy.-NARA has only copies of the Tippit autopsy photos--no originals.-NARA does not have the original Tippit autopsy report--but they have a copy.-NARA does not have any Tippit autopsy x-rays, and does not know if any were taken.3. I am prepared to brief either of you, or both, and hand over both evidence, and leads, for your consideration, Monday morning.
