**Subject:** Army & NBR  
I talked to Jeremy about the documents that have Army equities that look to us like they are NBR. Jeremy said that we should show the documents to Doug and Jim and ask them whether they think that the Army would release the information. If the Army would release the information, then we should just refer it to them and let them release it. If Doug and Jim think that Army would redact it, then Jeremy says I should go ahead and write the NBR memo, which I will do. So, let's talk to Doug and Jim this week about the records and figure out what we should say in a memo.Thanks.
