Subject:	Conference Call
Body:	Participants included Anna, Henry, and Jack. I am sorry I didn't get this out sooner, but I have been quite pressed with last minute items before leaving for the next 10 days. (I will be in New York today and tomorrow, and Krakow the following week). I will be back for the Conference call next Friday. The principal items include:1. A FedEx package is being sent today with information for you, including the Financial Disclosure forms.2. The Army was planning an appeal. I have faxed notation voting forms to you.3. The CIA recently has been balking on our access to some materials. We expect to get this resolved favorably.4. The Senate Select Committee on Intelligence has dramatically escalated the rate of making available Church Committee testimony. This is a welcome relief.5. Henry reports that Middleton at the LBJL has agreed to open the Jackie-LBJ tapes. We all sleep better at night knowing that Lyndon Johnson is being handled by Henry.6. We do not have any details on the Gore-Chernomyrdin talks, but we understand our issue was raised.7. The subpoena has been served on the Sixth Floor museum.8. We have requested issuance of a subpoena to Lawrence Schiller for the KGB papers.9. NARA has requested the return of material from the Guernsey's auction. Apparently the story has hit the news. I am enclosing in the package a copy of NARA's letter.10. Although not discussed during the call, I have changed Michelle's title to Associate Director for Research and Review. This reflects solely a change in title; it does not reflect a salary change or a change in reporting responsibilities.I look forward to speaking with you upon my return.
