He informed me orally that prior to that (such as from 1959-1964, for example), there WERE ONI field offices, which were a part of each administrative Naval District. The ONI officer in charge of each field office was called the "district intelligence officer," and he ran the DIO, or District Intelligence Office.He faxed me a 4 page fax which explains the creation of NIS, etc. NCIS was created in 1993. Record Group 526 is the record group for NCIS records. END
