Subject: Archives/Experts

Pat El-Ashry has arranged for us to have Room 410 for lunch on April 14. There are no windows but it is a nice room with tables and nice chairs. She has notified Steve of this. We need to get with Steve to make all the arrangements as soon as we know what we want for the two rooms. I asked how early we could get into 410 to set up. She said that Steve or some one has to come in to get a key a let us in, so probably not before 8:30 or 9:00.
