Subject: LCDR Bastien Called Doug Horne
CALL REPORT DOCUMENT'S AUTHOR: Douglas Horne/ARRB Date Created: 03/26/98 THE PLAYERS DESCRIPTION OF THE
Call Date: 03/26/98Subject: LCDR Bastien Called Doug HorneSummary of the Call:LCDR Bastien of ONI called
me, left a voice mail asking me to call him back today, and I did so. His call was in reference to our letter of
March 23, 1998, requesting that ONI designate an agency compliance official.He said he did not quite
understand why the letter was necessary; I responded by reminding him that (1) he had expressed a
preference for dealing directly with the ARRB staff, rather than with Navy OGC, and that establishing an ONI
agency compliance official would permit that; and (2) I explained that this was a procedure we had established
with the FBI, CIA, DIA, Navy, Army, Air Force, Joint Staff, etc. as well as several other agencies.He said that he
would be person designated to be the ONI agency compliance official, but that ONI would probably not
officially respond to our letter (asking for said official to be named in writing) for about two weeks or so
because he was being sent away TAD to sit on a selection board. I told him that as soon as ONI officially named
a compliance official in writing, that our Compliance Officer, Associate General Counsel Ron Haron, would be
in touch with him as to our program requirements.He said that naming him as the agency compliance official
would not, in his view, change what was being done...that the only thing they owed us was the defector
records previously found by LCDR Pike, for which they are now creating RIFs and conducting declassification
review for ONI equities only. [He reminded me, and I agreed, that the ARRB would handle third agency
referrals.] He said that he would be able to turn them over to us sometime in April, i.e., prior to the "NLT 30
May" deadline he and I had informally established. I said fine. When he repeated that this was all they owed
us, I said that we had met with LCDR Pike and that she had claimed to have found Naval Attache records in RG
289 that were responsive to the Act, and had placed them in a box labeled "44 USC 2107." He said he knew
nothing about this, and did not know whether this was true. I asked him if he would search, and he said he
would indeed search for such a box of records. I told him it was unclear from our conversation with LCDR Pike
whether the box was at Suitland, or within the ONI headquarters building, or at NARA. He said, "the effort at
NARA is finished, so it would not be at NARA."He said that ONI could not prevent LCDR Pike, as a U.S. Citizen,
from speaking with us, but that she was certainly not qualified to speak for ONI. I said I understood this, which
was exactly why we had sent RADM Jacoby a letter asking that ONI designate an agency compliance official. I
also told him that our only reason for speaking with LCDR Pike was to ask questions about records.He asked
whether the March 23, 1998 letter from the ARRB to RADM Jacoby was the letter I had promised him
memorializing our meeting of January 29, 1998, and I said no, but that that letter was 95% complete. I told
