I know this has been an overwhelming amount of stuff to xerox and appreciate both of your efforts so far in getting this done. I would like to finish the copying by the end of April and be done with this once and for all! If there is any reason why this can't be done please let me know. I know that you guys have been kicked off the copier repeatedly for declass sessions and other projects, but there shouldn't be any of those again for a while. I am also setting this as a priority project so the copier is yours until the end of the month. Christina is the point person on this project but to the extent that Cathy is available she should assist Christina. Janice will be taking several days off later in the month and Christina will be on phones and not available to do photocopying so Cathy's help will be especially needed during this time. Again, if you run into obstacles or see this as an unrealistic deadline please let me know. Thanks.
