**Subject:** For Your Advisory on the March Meeting

Eileen:For your advisory...I know you fill in the question marks from the final numbers, so I won't even try to mess you up. Your numbers are surely more accurate than mine -- but here's the rest of the info:The Review Board's March meeting resulted in the release of ? FBI documents. ? of the documents are consent releases. The remaining ? documents are postponed in part. Although the Review Board voted on a few documents from the "core and related" files, the majority of the documents originated in the HSCA subject files. Most of the HSCA subjects contain records that shed at least some light on issues that the HSCA explored as potentially relevant to the assassination of President Kennedy. The Review Board voted on documents from HSCA subjects such as: Orlando Bosch-Avila, Dominick Bartone, Manuel Artime Buesa, Joseph Civello, George de Mohrenschildt, Sam Giancana, Loren Eugene Hall, J.U.R.E., Marcos Diaz Lanz, Pedro Diaz Lanz, Luis Posada, Edward K. Moss, Anthony Provenzano, Norman Rothman, Samuel Anthony Saia, Frank Sturgis, and Irwin Stanley Weiner.
