Subject:	Pending Report Content
Body:	Rollie,My records state that visit was on September 11, 1996. (Small correction.)I cannot tell you how to write your report, but if it were me, I would include all correspondence as enclosures without comment, and write one master summary of each subject area representing the latest, and best, opinion I have on that area.To: "Doug Horne" <Douglas_Horne @ jfk-arrb.gov>cc: "Jim Toner" <Toner @ Image.kodak.com> (bcc: Douglas Horne/ARRB)From: zavadarc <zavadarc @ netacc.net> @ INTERNET @ INTERLIANT Date: 06/09/98 07:10:14 AM GMTSubject: Pending Report ContentDoug, Question of expectation, requirement or value of including arestatement of the analysis of film vintage edge print informationpreviously submitted.In my report on edge print, I propose to state: "In our first meeting with the ARRB, 14 September 1996, we had theopportunity to visit the National Archives, College Park, MD, and make avery basic preliminary visual evaluation of the photographic evidence,film identification markings including the A. Zapruder movie film and acopy held by the NARA. The results of this evaluation were provided toMr. James Milch, Director, Image Science Division, Research Laboratoriesin a Follow-up Report dated 19 December 1996. (Submitted to the ARRB byMr. Milch in his letter of 7 January 1997.)" There is no question about the need to expand the analysis of edgeprint for the Zapruder film, its copies and the 35mm films. However,comments were made in my report to Milch regarding the sheet and x-rayfilms. Do those comments contained in my report submitted to Milch andforwarded to you 1/7/97 "stand" or do they need to be re-submitted???Rollie
