**Subject:** June 12 Conference Call

We had a short conference call. Participants included Kermit, Henry, Anna, and Bill. I advised that there was little to report since our last communication. 1. No word from DOJ on the Schiller subpoena. (I had called two days ago.) 2. Inconsequential reports from State. 3. Nothing on the Zapruder front since the Burton letter. 4. There is not much to discuss at the upcoming meeting except: (1) budget issues [see FedEx mailing going out today], (2) my situation (for which I now have no additional updates); (3) logistical issues related to the Final Report. 5. Kermit suggested, and Anna opposed, cancelling the June 17 meeting. I agreed to send an e-mail asking Board members for their preferences on whether they wish to meet. Please let me know asap whether you wish to meet. We will, in any case, send out a FedEx to you today that was to have gone out in anticipation of the meeting. It includes the relevant tickets -- which should be returned if we don't meet. I will let you know as soon as I hear back from everyone.
