Subject: Microfilm

I hate to ask about this. Remember the DOJ microfilm from the JFK Library? What kind of time do you have these days? If my memory serves me, you didn't find much AR stuff so it didn't seem all that compelling. However, it would be really great to finish the review by July 22 because I'm planning to go up to Boston that Thursday or Friday and I figured if it was done, I could return the film to the Library. One less thing to haunt us later on. Let me know if this is possible or not.Thanks
