Notice how they don't have any specialdivisions for small runners. Those 5'0 100 lb. runners wouldn't feel sogreat if they were running in the midget division.For those men who spit, the iguana divisionFor people who have a hairy back, the gorilla divisionfor the people with a patch over their eye, the cyclops divisionfor the people who eat fishsticks, the long-john silver division.......> ----------> From: Laura Denk[SMTP:Laura_Denk@jfk-arrb.gov]> Sent: Thursday, July 09, 1998 03:55 PM> To: Dulin, Colleen M> Subject: hrumph!>> I'm so bothered.
