**Subject:** medical release  
I passed Jeremy's edited version of the medical staff memo passed Jack last night and he asked if the other Board members had seen ever seen it. We told him that we thought that they had but that we had not received comments back from them. Is this right? We have now given them until 10:00 this morning to comment. Jack has concerns about the docs being released today at all. Can you please touch base with me on this asap if you get this note. Thanks.
