Laura, can you answer any of these questions for him now and let Eileen fill in the gaps when she gets back?

Unfortunately I've got a big problem: my deadline is tonight. Would it be possible for you to answer the questions you already have the information? Or maybe give me the name and phone of someone who could have a brief conversation with me? Vitor \_\_\_\_\_ Separador de Resposta

I work for "Veja", a Brazilian news magazine and I'd like to ask for your help in a story I'm writing about the ARRB. Could you e-mail me a copy of the staff report in which the board says that Dr. James Humes destroyed his notes taken at the autopsy and the firs draft of the autopsy report? As I understand, the board will end its activities next September. Is it true? What were the main findings of the board? What are the things that the board failed to find out? Were all the FBI and CIA files examined by the board? Do you have any idea of what's the percentage of documents that are still closed to the public? Will everything ever be disclosed? When? Thank you so much for your attention. Vitor
