Subject: correspondence filing

AMSubject: correspondence filingI received a note from Jerrie saying that correspondence from DOJ regarding Sheridan matter need only be filed in the 3 series per your instruction. I have routinely in the past year I have been here double - filed these types of materials since 1) they are correspondence from DOJ and 2) they involve Sheridan. In this case the fax would be filed both in 4.17.3 and in 3 series Sheridan.This was the type of instruction I received upon coming on board and what I was told Noelle did. I have also seen evidence of Noelle having double filed items. My thought is better too many than too few places to find correspondence.If I change the method now, all of my past double filing will have been for naught in addition to the files not being consistent. I am willing to make the extra copy. I am also willing to file it since it is my series. Do you have an objection? Are there other reasons I am overlooking why this should not be done?I do realize that if you want it filed only once, my filing life will be less complicated. Pls let me know. Thanks, Cathy
