**Subject:** Tom Wilson

Tom Wilson, a member of the public, has at different times throughout our tenure requested that he be allowed time to deliver a presentation to the ARRB regarding "evidence" that he has in his possession. A friend of his (Rick Russo) that I have spoken to many times called on his behalf to see what the status was. I told him that I haven't forgotten Mr. Wilson's request, but that we are quite busy here. The last I spoke with Mr. Wilson he wanted to hold the meeting in Senator Specter's office (his Senator, and he has written to Specter about this on several occasions). I do not think that would be appropriate. I suggest (and I seek input) that we ask Mr. Wilson to come here on a day that is good for me and Doug, and give him a limited amount of time to make his presentation. His "evidence" has something to do with the Zapruder film and computer imaging (I could be more specific but I do not have his file at my desk.) thoughts? comments?
