Subject: NSA Documents arrived
for you today. They are codeword and so therefore are in the safe top drawer ina manila file folder with your name across the side in pink highlighter. Let me know if you can't find it. Also, need help: I did not log them in since they are so numerous (the documents) so let me know how they should be logged in. I was thinking maybe something along the lines of 37 documents related to JFK Assassination from NSA received, this date.
Body: Let me knkow what you think. thanks, cathy
