Body:	To: stfawcett @ kennedy.nara.govcc: (bcc: Non-Record/ARRB)From: Irene Marr/ARRB Date: 07/17/98 11:17:25 AMSubject: RIFStephanie,This is just one of those niggling issues. A while back I informed Megan that RIF #176-10010-10031 was somehow attached to two documents which were treated as one document and declassified in full. The problem is that the RIF as is stands is not correct because it identifies only the 2 page report dated 3/24/63 which was attached to another 4-page report. Another RIF should be made for the 4-page document dated 3/29/63 which is a "Staff Study Report US Military Alerting System." To further assist your locating it, the document is a DOD orig from JCS to CINCARIB and was previously exempted as NLK-75-197. Could you 1. Let me know if a new RIF was created2. If so, is it on the most recent diskette you sent to us? (our computer person is only coming in on Sundays and occasionally part time on Fridays, so he hasn't installed the new disks yet for me to try to search that way.) In which case just let me know the new RIF #3. If your RIF meister ends up creating a new RIF, could you just fax a copy of it to me. Our fax # is (202)724-0457If you are confused, give me a call. Thanks!
