Subject:	Disks to Editor
Body:	Kevin told me that some more final report chapters should be converted to text-only format and sent to the editor. I remember that last time I saved the stuff for the editor as both ASCII text and rich text. I was wondering if you know which one he used, so I don't have to save it twice (which may not fit on one disk...I think the space situation was a bit dicey last time).Thanks
