PMSubject: Re: CIA-17This has been one of those things that never seems to go anywhere. . .This is what I remember happening with this one. After my first attempt at this request got shelved in July, we re-visited the issue in January. I updated the letter and after you reviewed it, I gave it to Jeremy. A few weeks went by then he told me you and he discussed this matter along with the request I wrote on MC surveillance and decided not to make them formal requests. The source one was, if I remember correctly, going to be sent as some sort of attachment along with something else. Does this refresh your memory? (I'm thinking you can now fill in the missing piece based on your conversation with him.) If not, we can ask Jeremy. In any case I'm attaching a copy of the last version of the request. Hope this helps. To: Irene Marr/ARRBcc: From: Michelle Combs/ARRB
