Subject: Greetings

Hi Dan!! just thought I'd send you a quick e-mail while I still have access. We have been informed that our computers are going to be dismantled on Friday! It's getting really crazy, we are crashing to get everything done before we shut down for good on the 30th. I haven't even had time to look for another job, let alone call people or do anything on the personal front. I am determined, however, to get my application in the mail tomorrow for the Option volunteer program, just as a safety valve. I think it would be a great opportunity at this particular time. I also thought I would ask if you knew anything more about the James Joyce Road Race. It looks as if I will be up in the Boston area by mid-October (probably after the 12th), so if it's any time after that, I'd really love to run. How is your training going? How is your state of happiness these days? Have you gotten together with any of the Boston-area folks? Hope the glow hasn't worn off. Anyway, it was great to meet you and if you have anything to report, let me know. All the best, Irene
