**Subject:** Re: Screen Savers

Chet, I think you know that my problems were while I had the flying toasters. I haven't gotten kicked off the system lately, but last Thursday I had a problem loggin out. I showed it to David and his reaction was to say my computer was messed up! I haven't had the problem since, tho.To:ALLcc:From:Chet Rhodes/ARRBDate:04/17/95 09:18:23 PMSubject:Screen Savers

Some of the Screen Saver modules seem to be causing problems, if you are having a problem with the computer restarting while you have left it for awhile please send me the name of the screen saver you had running at the time. If you switch back to the ProFish it should be ok. Once I have tracked down the bad screen savers I will delete them.
