Subject: Re: News Release on Final Definition Guidance

OK. I appreciate the info and the early heads-up! To: Eileen Sullivan/ARRBcc: From: Tom Samoluk/ARRB
Date: 05/23/95 02:29:49 PM Subject: News Release on Final Definition Guidance
As you may be aware, we are currently waiting for the Office of Management and Budget (OMB) to okay our final assassination records definition guidance for publication in the Federal Register. There will be at least two days notice from the time we get word from OMB and it actually appearing in the Register. On the day that it appears in the Register, I would like to do a news release. I am advising you of this ahead of time because I may be in New Orleans (Tuesday-Friday of next week) when it happens. I will be in touch by phone and you have the media fax list which we can go over. In addition, we will do a mailing to our mailing list (and we may want to add some names of people on Capitol Hill). I have given David a copy of my draft news release, which he may edit and it will need to have the appropriate date put on it. It is in the "g" drive under "assdef.wpd." Since I mentioned my New Orleans trip, I should also note that I will be leaving at about 3:30 p.m. on Thursday afternoon and am taking Friday off. Monday is a holiday, so I will only be in the office from about 9:00 a.m. Tuesday morning until 2:00 p.m. before I go to New Orleans. I will let you know when we get the okay from OMB on the definition guidance.
