He was also interested, generally, in how much of the Garrison/NODA files HSCA had gotten its hands on. I conducted some searches on the data base and I've spent some time out at Archives II looking at documents, so I'm beginning to get a sense for it. Jeremy also thought I should talk to some former HSCA staffers, and said you might have names and phone numbers. Let me know when you might have an opportunity to chat on this subject. Thanks!
