Subject:	Re: Your memo of 6/7, re: Projects for Summer Interns
Body:	I didn't get anything past your third point so I don't know if you included information about Chicago or not. Progress reports will be helpful as they will allow us to refine and refocus searches as needed. OF NOTE: While the Miami Police Department did make COPIES of its assassination files available to the HSCA there is no mention the HSCA received originals. Our legislation cites a clear preference for originals; a determination needs to be made if we should pursue the originals. David - how do you want to approach this?To:Anne Buttimer/ARRBcc:Jeremy Gunn/ARRB From:Joseph Freeman/ARRB Date:06/13/95 03:20:58 PMSubject:Your memo of 6/7, re: Projects for Summer InternsWith intern assistance, I propose to simply go down your numbered list, from 1-16, and see what we come up with in our databases and out at Archives II. I don't know whether you want progress reports along the way but, assuming for the moment you do, here's where we stand on 1-5:1- Miami PD: as you already know from the letter we found yesterday, Miami PD forwarded its complete file to HSCA. IN THE COLLECTION.2- Metro-Dade PD; 5- Chicago PD: databases checked, documents will be perused at Archives II tomorrow.3 - Tampa PD, and, 4 - Florida Highway Patrol: database checks have come up blank. I checked every "Tampa" entry and every "Florida" entry and there didn't appear to be any documents in the database originated by either of these organizations. Therefore, I think it's safe to say that you could contact these two organizations without much fear that they have already turned over all their files to HSCA or whomever.
