Subject: Access cards
we're getting closer to having access cards to the showers! I'll be formalizing a list today and tomorrow for DoJ and they'll program the cards. Then we'll all need our pictures taken for our cards and we'll be set. My contact has now taken this task over from the man who was nonresponsive, so I think we'll get pretty quick turnaround on this-- maybe as soon as next week. Let other interested parties know.
