**Body:** For my part in this, thank you. I just don't want to usurp anything Jeremy has given you to do.

**DeliveryPriority:** Would be happy to do the copying next time I'm at the at Archives I. Unless I hear back differently from someone, I'll make a point of doing it this week, assuming I can get access to the Legislative Vault.

**Categories:** I haven't read the 175 page transcript either but probably should. Phil mentioned he'd like to read it also. Would it be possible for Joe to copy the transcript and place it in our SCIF? I'm attempting to follow up with former HSCA staffers to find out if they ever gained access to the Sullivan papers, and if so, what they found.
