Subject: Re: Tasking to Marine Corps
I have a different take on this. While I agree that the Marines would technically fall under anything issued by the Navy, according to the letter of the law, we should remember that they HATE to admit it. For precisely that reason, as we are attempting to build good will and a good working relationship, I think we'd be better off acknowledging them as a seperate entity and ask the Commandant to issue a directive. It's the diplomatically correct thing to do.To: Douglas Horne/ARRB, Dennis Quinn/ARRB, Christopher Barger/ARRBcc: [redacted]
