**Subject:** Re: cards  
As you probably know we have to pay for our own business cards - the federal government will not pay for them and will not reimburse us for their cost. You therefore do not have to order them if you do not want to (that is my determination, not necessarily David's.) Eileen is the person to see about ordering cards, IF you decide you want to do so.To: Anne Buttimer/ARRBcc: From: Dave Montague/ARRB Date: 09/07/95 05:09:00 PMSubject: Cardsanne....should i go through tracey regarding making business cards for when i have to deal with people?...dave
