Subject:	Re: Ochsner Manuscripts
Body:	I believe the index itself is over 300 pages. I think you should look at it first and make copies of relevant references. See if you can look at some information. To:Jeremy Gunn/ARRBcc: From:Michelle Seguin/ARRB Date:10/04/95 11:49:27 AMSubject:Oschner ManuscriptsThe Research Center is open to researchers 10:00 - 4:30, Tuesday-Saturday. But, the Oschner collection includes 2,000 boxes! The woman to whom I spoke recommended that on the first visit I simply look through the "index" for topics that may be of interest. Let me know your thoughts.
