Subject: Re: DIA files in Archives II

Would it be possible for either of you to make that run? I already have a project from Jeremy that I am working on at the Library of Congress; while I can go to the Archives, it would probably be better if I didn't have two projects at once.To: Douglas Horne/ARRB, Dennis Quinn/ARRB, Christopher Barger/ARRBcc: From: Jeremy Gunn/ARRB Date: 10/05/95 08:46:39 AMSubject: DIA files in Archives IIWould you three select from among you one or more people to go to Archives II and make a quick review of the DIA records? Please make copies of anything particularly valuable; search for leads; find examples of documents we could show to other military entities as examples of assassination records. Thanks.
